

"Andrew's event drew a standing-room only crowd that remained engaged even beyond the presentation. His presentation was loaded with great, approachable organization tactics, real, calculable data on how clutter costs us in so many ways, and best of all, was delivered with his signature humor!"

Erika Heet, Editorial Director, Dwell on Design

"Thank you for the great job you did at our annual tax management retreat as our keynote speaker. This year's all-day program was by far the most successful and critical acclaimed, in large part due to your presentation and workshops. You sprinkled practical takeaways with entertaining slides and stories providing our attendees with the tools they need to become more organized and efficient. I recommend you to any organization seeking greater organization and in general, to improve the quality of life of its members!"
